“The Greenest Door from
the Greenest Company”

WELCOME TO SOLIDOR

The Solidor Collection is an outstanding range of solid laminate timber core composite doors that combine classical, modern or futuristic styling with a full range of Secured by Design locking, which provides a stunning, high quality and secure entrance to any home.

With a thickness of 48mm, they are nearly 10% thicker than most alternatives.

Each solid timber core is completely encapsulated within a highly durable plastic edge banding and two thermo plastic door skins, so you will never have to worry about painting or varnishing your Solidor.

These exclusive doors are available in a wide range of style and frame colour options, (12 colours available, please see page 7) the option of a mobility threshold, making it the perfect solution for easy wheel or push chair access. A comprehensive range of matching combination frames is also available with either glass, matching composite side panel or quarter panel, that will complement the look of any property.

Rest assured that when you choose a Solidor you are enhancing your property with style.

KÖMMERLING®

OUR GREEN PROMISE...

At Solidor we are committed to doing our part in helping the environment, believing that the future of our planet is important, not only for ourselves, but for the future of our children. With many industry firsts already, we are always looking to pioneer greener products and methods.

That's why we minimise our waste and run an extensive recycling programme. We recycle all of our packaging, polystyrene, cardboard, PVC-u, timber, paper, aluminium and steel. All of the timbers used in our doors are harvested from forests that are managed to meet the social, economic and ecological needs of present and future generations.

Timber can make a significant contribution to sustainable construction

1. Wood is naturally renewable
2. It is independently certified to be sourced from sustainably managed forests
3. Doors with timber cores save energy
4. They last longer
5. They add to our quality of life
6. They have fewer environmental impacts than other materials

OUR GREEN INDUSTRY FIRSTS

-   100% recycled thermally efficient reinforcing system
-  5 chamber lead free thermally efficient profile
-  Extensive recycling programme
-  Door can be recycled at the end of its useful life, not destined for land fill
-  Fully manufactured in the UK to minimize our carbon footprint
-  Lead free door skins and edgebanding

All the timbers used in our doors is harvested from forests that are managed to meet the social, economic and ecological needs of present and future generations

Greenline - Kömmerling manufacture without the use of lead stabilizers, completely eliminating lead from the extrusion process. This change means that Kömmerling profile is one of the most environmentally friendly profile systems available.

Secured by Design

Official Police Security Initiative

SAFE & SECURE

We understand, that knowing that your home and family are protected, is a major factor when choosing your new doors.

At Solidor, security and safety are amongst our highest priorities. Sadly a property is burgled in the UK every minute, but our 48mm thick solid timber core gives you the strongest and most secure option available in a residential door.

You can rest assured that with our door construction, coupled with our unique, reinforced door frame and Secured by Design locking systems, that your property will be as safe as can be when you choose Solidor.

THE HIGHEST STANDARD OF CYLINDER

You will be glad to know that by upgrading to our high security cylinder that you are protected by all of these benefits;

Multi-point Locking - A close up of our Lock Master multi-point security hook

As standard we fit a Secured by Design Lock Master Multi-point locks

Magnum Security - For extra security and piece of mind upgrade to our Magnum Cylinder

EN 1303 Grade 2 security - The Magnum cylinder has been tested to the highest grade of BS EN 1303 for security achieving the maximum resistance to physical attack.

Key operated Multi - If you'd like no handle on your door, why not upgrade to our Key operated multi point lock?

Rim and key op Multi - Traditional style latch locking with high security key operated multi point backup

ANY COLOUR, ANY STYLE ON ANY SIDE

Available in any of our fantastic styles and colours inside or out, with Black, Grey, Cream, Rosewood, Irish Oak or Oak matched frames.

Our Standard range are available with smooth or woodgrain finish*

EDGE BANDING COLOUR

White as standard, brown on Oak and Rosewood when coloured both sides.

STANDARD COLOUR OPTIONS

ALL OF OUR DESIGNS ARE ALSO AVAILABLE IN THESE COLOURS

However if required, with this selection you have the option of a matching door frame as well as a white one.

*Excluding The Flint range and the Italia Collection. Due to the limitations of the lithographic printing process, colour samples may not be an exact match to actual doors. +Foiled product not a standard through colour.

REMOTE CONTROL LOCKING SYSTEMS

We have a huge product range of high quality composite doors, incorporating exclusive architectural hardware and a fully remote control locking system

To see more of our remote control door please visit our website www.solidor.co.uk/remote

LOCCA & AV2E SYSTEMS

- Multiple remote control fob and entrance system compatible
- Stylish easy to use intercom
- Automatic locking as standard
- Speak to visitors and let them in from anywhere in the property
- Range of 200m
- Large tactile buttons for elderly or disabled
- Security override to prevent accidental opening
- Rolling code technology
- Locca system fully retracts the hooks and latch
- Easy hardwire system with a simple 240v plug required
- Manual cylinder override
- Push button, Keycard and Bio metric compatible

PEACE OF MIND GUARANTEE

Each Solidor benefits from a 10 year manufacturing guarantee, which covers all aspects of the door and multi-point locking mechanism.

All of our doors are manufactured to the highest quality standards. Having achieved BSI ISO 9001, Pas-23, Pas-24 and Secured by Design accreditation, you can be completely confident that Solidor manufacture to only the highest standards.

We use only the finest materials, hardware and accessories on our doors so that we know every door that we manufacture will look fantastic for many years.

To keep your door looking at its best simply wipe down the door with a soft, damp, lint free cloth using mild, warm soapy water.

You should also help to keep your door furniture looking fantastic by polishing the handle and letter plate with a regular furniture polish or similar once a month.

Finally lubricate the working parts of the locking mechanism once a year.

Letter plates, handles, door knockers and rim latches carry a 1 year guarantee, however looked after, they will last for many years.

KÖMMERLING®

DOUBLE & TRIPLE GLAZED UNITS

Our double and triple glazed units are manufactured to BSEN1279 and are manufactured using 4mm toughened safety glass for our double glazed sealed units and a mixture of laminated glass and toughened glass for our triple glazed sealed units. Both have excellent heat retention properties.

ENERGY EFFICIENT REINFORCING

Each door is manufactured using 100% fully recycled door frame reinforcing. As well as superior thermal performance, Webar also out performs steel and aluminium when it comes to screw retention.

COLOUR FASTNESS GUARANTEE

All of our doors have a guaranteed UV stable colour fastness. All of our Foiled products match, so that the door and the frame match together.

HIGH QUALITY FURNITURE

We are the first company to embrace the Prolinea range of door hardware. This selection is highly contemporary and of a premium quality. Care instructions are always included with our letter plates.

MULTIPOINT LOCKING

A wide range of multi-point locking, so whether its standard handle operated, night latch and key operated multi or just key only multipoint locking, security is never compromised.

OUR STANDARD SECURE BY DESIGN MULTI POINT LOCK.

THE COMPARISON

SOLIDOR CONSTRUCTION

Lead free, 5 chamber profile with 100% recycled reinforcing.

Thermally efficient Solid Timber Core.

Robust through colour thermo plastic skins.

Realistic wood grain effect or smooth finish.

Optional integral mobility access aluminium threshold.

A TYPICAL FOAM FILLED CONTRUCTION

Only a small section of the door is actually solid.

Thermally great, but foam filled so not solid, nor secure.

Gel coated GRP maybe strong but it scratches very easily.

Most other doors have frames containing lead stabilizers. The frames are only 3 chambers thick and use valuable steel or aluminium reinforcements.

NOTTINGHAM

A unique door with real appeal for traditional properties with arched features.

FRENCH DOORS

All of our designs, in all of our colours are available in a French Door option, with standard lever operated handles, encompassing a high security, adjustable, multipoint locking system. N.B Lever pad is appearance only, split spindle is not available on French Doors.

Available as inward or outward opening doors. Because our french door range is so vast, please contact us for the minimum and maximum sizes before you order your set.

NOTE: Available with UPVC and aluminium threshold on inward opening sets, and UPVC only on outward opening sets.

SIDE PANELS

Complement your property with a full range of matching full height and half side panels.

Available in any of our colours inside or out.

NOTE: Full height side panels are 48mm thick and appear identical to the main door. Half and quarter panels are 28mm thick and are bead glazed.

STABLE DOORS

All of our standard and many of the Italia Collection door styles are available as stable doors, in any of our colours on any side.

All of our stable doors come with a high security, fully adjustable multi-point locking system. They are also keyed alike and benefit from an internal thumb turn cylinder on the bottom half. And have a latching security bolt as standard.

NOTE: Thumb turn and escutcheon type may vary slightly in appearance, subject to availability.

ACCESSORIES & EXTRAS

A fine selection of beautiful accessories to perfectly complement your choice of door. Whether modern or traditional you will find an accessory to really make your door stand out.

Italia

C O L L E C T I O N

The Italia collection, from Solidor, is a new generation of truly contemporary designs that will add a touch of style to your home. Carefully designed and crafted from the finest materials, every door in the Italia collection has a definite style inspired by the Italian passion for design.

Each door is handmade in Staffordshire, ensuring that the finished product is of an outstanding quality and made as individual as can be. Choose from a range of glass styles and door furniture that has been carefully chosen with the latest fashion and designs in mind. All of the doors in the Italia Collection are also available with Warwick Glass - hand made so no two pieces are ever the same.

As with any product from Solidor, you can be assured of our outstanding quality of solid laminate 48mm timber core composite doors that combine modern styling with high security locking systems.

Pilkington Texture Glass Warwick™

This design is unique amongst our patterns because it is produced using a different manufacturing method. Pilkington Texture Glass Warwick™ is a random pattern that is added along the central portion of the pane and this has implications when cutting the glass down into finished sizes.

It is possible with that, if a pane is small enough, it could be cut with no evidence of the pattern at all.

None of the Pilkington patterns are designed to have an orientation (an up side) but care needs to be taken with adjacent panes that the pattern direction is maintained. There is a linear nature to Pilkington Texture Glass Warwick™ and so householders should be aware that there could be aesthetic implications when choosing this design. Also, for the glass supplier the result may be that this pattern is less accommodating when cutting and may result in a greater proportion of seldge from the original glass plate.

Warwick Glass Available in all of our doors

Abstract Glass Available in the Pisa, Turin and Siena
